6.16 LAB: Input: Welcome message

Write a program that takes a first name as the input, and outputs a welcome message to that name.

Ex: If the input is Pat, the output is:

```
Hello Pat and welcome to CS Online!
```

434442.3312458.qx3zqy7

LAB ACTIVITY	6.16.1: LAB: Input: Welcome message	10 / 10 ✅

<div>

main.py   Load default template...

```
1 user_name = input()
2
3 print(f"Hello {user_name} and welcome to CS Online!")
```

</div>

Develop mode **Submit mode**   When done developing your program, press the **Submit for grading** button below. This will submit your program for auto-grading.
